1. Don't pay the day you don't dive!

Yes, you know that Mafia Island Marine Park is arguably the best place to dive in East Africa.

Yes, you know that with plenty of sea and land excursions there is a lot to do even when not diving.

Yes, you love to relax and be pampered by gourmet cuisine and inspired service.

Yet it's a annoying that you cannot dive the last day of your exciting holiday because you have a flight to catch in 24 hours.

Well, don't pay for your food and accommodation that day!

That's possible at Pole Pole for all divers staying seven nights (pay only for six) and prebooking a dive package (minimum 6 dives, at least one person per couple)

2. Complimentary discovery dive

To all guests staying a minimum of 5 nights we offer a free introduction into the underwater world with a qualified PADI instructor who will guide them literally hand in hand through their scuba initiation.

No need to study or enter into technicalities - just the pure joy of breathing underwater and becoming part of the wonders and the colours of the reef.

Offers are valid in the months of June, July, September, October and November 2012.
